THIN CLIENT

ABOUT THIN CLIENT

The power of a PC, without the complexity. Thin clients are compact, energy efficient and productive desktops with all the dynamic user-experience of a PC-without the day-to-day complexities and risks associated with one.

AT-Thin clients have no moving parts. Their service lives are extended beyond those of comparable Pcs and the noise from fans and hard drives is criminated. Better still, their low power consumption means low-heat output enabling comfortable working environments with a reduced dependence on costly carbon heavy air conditioning - often leaving workplace cooling achievable through natural ventilation.

Model No	ATA2411
Processor	Intel® Celeron Processor
RAM	4GB
Storage	256GB SSD
Operating System	Linux
I/O Ports	1 x USB 3.2 Gen1 Port, 6 x USB 2.0 Port, 1 x HDMI Port, 1 x VGA Port, 1 x LAN Port, 1 x Audio Port (Line Out/Line In/Mic In).
Audio	1 x Audio Port (Line Out/Line In/Mic In)
Wi-Fi	Yes
CPU Power Adapter	12V, 5A
CPU Placing Option	Table Top
Warranty	3 Years Warranty
Certification	BIS, CE, FCC,Rohs, Complant
